#### Directors' responsibility for the Financial Statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the accompanying financial statements give a true and fair view of the state of financial affairs of the organization and of its Income and cash flows for the year then ended in accordance with International Financial Reporting Standards and the requirements of the constitution of CUTS-CITEE.

- ii) in our opinion proper books of account have been kept by the organization, so far as appears from our examination of those books; and
- the organization's balance sheet and Income and Expenditure statement are in agreement with the books of account.

#### Emphasis of matter

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

Prior period adjustments relate to restatement of amounts owed to CUTS Head Office, Salary and PACT EAC expenses that were not properly stated in prior years.
